Melachrino Cigarette Corporation. Incorporated—Delaware, October 8, 1928. According to State records the company is still in existence, but we are unable to find any trace of it. The company had an office at 304 E. 23rd Street, New York City, but when one of our representatives called, he was informed that the concern moved some 6 or 7 months ago. No one knew of the company's present whereabouts. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Members Holding Corp. Value of $1000. Series B Bond due 1938. The office of this corporation is located at 36 44th St., N. Y. C. Mr. W. M. Weiss, the Secretary of the Corporation, informed us that no interest has been paid on these bonds since 1931 and there are no prospects of paying any until real estate conditions improve. Mr. Weiss also informed that this is a third mortgage and is subject to about $188,000 of prior lien bonds. The second mortgage bondholders have declared a moritorium for 2 years on principal and interest. There is no market for the B bonds at any price and in view of the above we can hardly place more than a nominal value on the bond at this time.

Memphis Grain & Package Elevator Company. Incorporated in Tennessee, November 18, 1880 and had an office at Memphis, Tennessee. The Memphis & Charleston Railroad Company had a deficit of about $48,000 in 1880. In 1882, control was purchased by the East Tennessee Company. In 1881 Memphis & Charleston Railroad Company had sufficient funds to pay dividends on the Memphis Grain & Package Elevator Company stock. According to the records of the Department of State at Nashville, Tennessee, the company did not filie a report in 1881. From this information we conclude that the company failed sometime in 1881. There was probably some provision that if the Elevator Company continued to do a certain amount of business with the railroad its dividends would be guaranteed. It is our opinion that the stock became worthless sometime in 1881 as we find no record since.

Mercantile Bank of America, Inc. This bank was organized under the laws of Connecticut in August, 1915 to carry on a commercial and banking business in the Latin-American Republica. Early in 1921 the bank became financially embarrassed and in need of funds, and under a financing plan dated May 31, 1921, Syndicate Participation Certificates were issued by a Syndicate Committee representing the bank. Mr. Taussig of the Guaranty Trust Company, New York City, who has charge of liquidating the assets of the Mercantile Bank of America, Inc., informed us that the subject bank has been in liquidation for the last ten years and that the stockholders will realize nothing on their stock. In view of the above, we submit the shares as worthless.

Meridian Petroleum Corp. Incorporated in Delaware and had an office in Room 1402, 66 Broadway, N. Y. C. in 1922 and at Wilmington, Delaware. W. D. Richardson, President; Jas. Dunn, Vice-President E. Fay, Vice-President; P. J. Lenhard, Treasurer. According to a report published by the company in 1920, there were outstanding $2,500,000 of 1st mortgage bonds. The interest due April, 1922, is in default, the company was placed in the hands of receivers. It was reported at that time that the property was sold to the Valley Osage Oil Co. Mr. C. E. Fay, formerly vice-president of the company, now located at 15 William St., N. Y. C., informed us that the property was sold at foreclosure sale and bid in by the bondholders for $500,000, leaving no equity for the capital stock, which is without value.

Mesa Oil Company. Incorporated—Maine. This company filed its last report in 1908 and its charter was suspended in 1913 for non-payment of taxes. Last reported officers were:—President, Wm. M. Marvin, Boston, Mass.; Treasurer, Samuel R. Phillips, Boston, Mass. We find no trace of the company since 1908 and believe it went out of existence about that year. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Messa Mining & Milling Company. Incorporated—Colorado. Officers—E. A. Biery, President; P. L. Webb, Secretary. On September 16, 1913 this company was advertised defunct and inoperative and since that time we are unable to find any trace of it and believe it went out of existence. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.		
Messaba Railway Company. Common and Preferred Stock (Par $100). This company was disposed of prior to January 1, 1929 and the proceeds applied toward the payment of the First Mortgage Bonds. These payments were substantially less than 100% of the bonds outstanding, and as a result the common and preferred stock are without value at the present time.

Metals Production Co.	Incorporated January 4, 1923 in Colorado for 20 years and has an office in the Citizens National Bank Building, Colorado. The company is a reorganization of Colorado-United Mines Company. The stock was removed from the New York Curb March 18, 1926. Shares (70,000) were publicly offered at $1.25 per share during 1928-1929. The Metals Production Co. has apparently been beset by internal strife, but with increase of capital and change of management, it can look forward with greater hope. There is absolutely no market for these shares and in view of the above, deponent believes that the stock has only a nominal value.

Metropolitan By-Products Company, Inc. This company had first, second and third mortgage bonds, the first mortgage issue for $1,000,000 being dated July 2, 1916. The second and third mortgages and the bonds secured thereby were subordinated to the lien of an obligation which came immediately after the $1,000,0000 of first mortgage bonds. The company ran into financial difficulties and a Bondholders Protective Committee brought a foreclosure action resulting in no equity available for the second and third mortgage bondholders. As early as December 24, 1924, 50 second mortgage bonds sold at auction for $100 the lot and on December 9, 1922 $500 worth of third mortgage bonds sold at auction for $2. the lot. In view of the above, we submit the V. T. C. for capital stock as worthless.

Metropolitan Concert Co. Ltd. Incorporated in New York for a duration of fifty years and had an office in New York City. James P. Lowery, President. In 1911 it was reported that the company had liquidated some years before that and that a final payment in liquidation was made to the stockholders by Edward Lauterbach or Luderbach who was then located at 28 William Street, N. Y. C. Evidently everything was distributed to the stockholders for the trustee was discharged. Therefore we submit the shares as worthless.

Metropolitan Gas Light Company of Elizabeth.	Chartered by Special Act of the Legislature February 22, 1870. Apparently this company never constructed any plant but was still in existence up to November 23, 1892 when by Sheriffs sale the "plant and charter" were sold to the Elizabethtown Gas Light Company of Elizabeth, New Jersey, which had been chartered in 1855. The Metropolitan Gas Light Company is therefore out of existence and any securities of that company are worthless. The Treasurer of the Elizabethtown Consolidated Gas Company informed us that the shares have no value. In view of the above we submit the shares as worthless.

Metropolitan Investment & Building Co.	Incorporated—Maryland June 3, 1895. Capital—$100,000, par value—$40. Officers—Geo. H. Brown, President, S. Dana Lincoln, Secretary. The record of the State of Maryland dates back to 1908, but since that time they fail to disclose the name Metropolitan Investment & Building Company. It seems apparent that the company must have gone out of business prior to 1908. There is no market for the stock as far as we can ascertain.

Metropolitan Sugar Refining Company. 5% Gold Bonds, due July 1, 1934. Incorporated in New Jersey, March 1, 1904 and the charter of said company was forfeited for non-payment of taxes January 5, 1909. The last reported officers were: President, Frank D. Graham, 417 Market St., Camden, N. J.; Treasurer, F. H. Lamb, 417 Market St., Camden, N. J.; Secretary, W. Howard Ramsay, 417 Market St., Camden, N. J. The Lincoln Trust Company (which was acquired by the Mechanics & Metals National Bank, and which in turn merged with the Chase National Bank in 1926), acted as Trustee under a mortgage dated March 10, 1904 to secure an issue of so called 1st Mortgage Sinking Fund 5% Bonds of the Metropolitan Sugar Refining Co., due July 1, 1934. In 1907 a suit was brought by the Hudson Trust Co. of Hoboken, New Jersey, to foreclose a prior mortgage of $60,000 on the same property, which was established as being a first mortgage, and the property was sold for the amount of said $60,000 first mortgage, leaving no equity for the trust mortgage. The Lincoln Trust Company was represented in the action by counsel, and notified bondholders by publication. We believe therefore that the above described bonds have no value at the present time.

Metropolitan Surety Company. Organized and commenced business on April 1, 1905 and was located at 38 Park Row, N. Y. C. In the early part of 1909 this company got into financial difficulties and on the recommendation of Attorney General O'Malley, John F. Yaugor was appointed receiver. At the time of appointing the receiver it was alleged that the company's capital was impaired to the amount of $149,000 and the alleged assets of the company were $668,618. The trouble was caused by the failure of the Church Construction Company to carry out its contract for the new barracks at West Point. In the final liquidation the creditors received about 40 cents on the dollar and 40 cents on the dollar to holders of claims on bonds leaving no equity for the capital stock. The above information was taken from newspaper clippings and reports.

Mexican Gold & Silver Mining Co. Incorporated in 1874 in California and is located at 707 Alexander Bldg., San Francisco, Calif., in care of Zeb. Kendall, President. In late 1929 it was reported that a Boston syndicate had acquired control of the company. Capital: $201,600; $1.00 par; assessable; all issued, assessment No. 119 of 10 cents levied in March 1924. Stock listed on San Francisco Exchange. Production, at last report amounted to about $1,500,000, the ore averaging $33. per ton, John J. O'Kane, Jr. & Co., brokers of New York City, quoted the stock at 5 cents bid and 10 cents asked on Feb. 9, 1933. If your certificates are not stamped showing that the above assessments were paid the shares were probably sold for said assessments and are worthless.

Mexican Metals Company. Incorporated, Arizona, 1916. Company sold their property in Sonora, Mexico, and leased the Ajax property at Cripple Creek, Colo. There was no work done on the property in 1925. The Mines Handbook reports in 1926 that nothing was done with the property and the company is probably dead. A letter from Harold C. Keith, of Campello, Mass., former Treasurer of the Company, stated that they went out of business years ago, and its assets have been sold to another corporation, and not enough was realized to pay the debts of the company. The company has since been dissolved and the stock has no value.

Miami Shore Estates, Inc. Supplementing our last report, we found that Shifflett, Cumber & Company, who were formerly located at 522 Fifth Ave., New York City, were connected with said company, and moved to 130 West 42nd St., New York City. We interviewed Mr. John G. Pembleton, an attorney, at the latter address, and he informed us that as far as he knows the company does not have a main office. He was not definite about his

answers. He stated he did not know who the officers were; whether the company still owned any property. He did say that there was a purchase money mortgage on the property, but received no notice that the property was foreclosed or sold for taxes. The carrying charges are very high and probably if the property has not been sold for taxes, it will be, for it will take a long time for another real estate boom in Florida. There is absolutely no value to the stock at this time, and refer you to Mr. Pembleton, who, we believe, will give you more definite information.

Michigan Central Railroad Company.	Value of 8% Conv. Bonds dated Sept. 1, 1854 due 1869. Mr. H. G. Snelling, General Treasurer of the New York Central Lines, 466 Lexington Ave., New York City, informed us as follows: "The Michigan Central Railroad Company's records show that all the bonds of that company were provided for either by conversion into stock, or by payment in cash, and that there are none now outstanding. Back in 1917 what purported to be a bond of that company was presented here and by comparison with the original bonds, it proved to be a counterfeit.

Midco Oil Corporation. Incorporated in Delaware with an office at 301 S. Cheyenne Street, Tulsa, Oklahoma. Officers were last reported are as follows: Henry T. Heald, Grand Rapids, Michigan, president; T. J. Ellis, Tulsa, Oklahoma, vice-president; Burton French, Chicago, Illinois, secretary and treasurer. Mr. French advises us that all outstanding stock of this corporation is in the hands of five voting trustees which voting trust agreement expires June 15, 1930. The holder of each $100 bond was given one share of par stock. There were in the neighborhood of $200,000 in bonds that were not deposted with the trustee.

Mid-Columbia Oil & Development Co. Incorporated in Delaware and was located at P. O. Box 981, Tulsa, Oklahoma. J. L. Cook, Sec'y, P. O. Box 2064, Tulsa, Oklahoma. The company was dissolved on December 23, 1931. Due to the relatively small value of the assets as compared with liabilities, any distribution to stockholders upon final liquidation seems very unlikely. The indebtedness of the company amounts to $548,000 plus taxes of $4,000. It is estimated that only a small part of the indebtedness will be liquidated, leaving no equity for the capital stock which is without value.

Midland Oil Corporation. Incorporated in N. Y. in 1919 and was located in the Bank of Jamestown Bldg, Jamestown, N. Y. B. N. Exton, Pres., 123 William St., N. Y. C.; C. F. Reilly, Vice-President. The company's property consists of oil leases in Venango Co., Penna. In 1925 the company had an office at 34 Pine St., N. Y. C. In 1928 it was reported that the company operated a natural gasoline plant at Petroleum Centre, Penna. Mr. Exton informed us that the company spent $400,000 on its plant and has $15,000 in the bank at this time. The company, according to Mr. Exton, is paying expenses from production and owes nothing. David Elder & Company of 44 Beaver St., N. Y. C. will furnish you with a statement of condition. There is no market for the stock and do not believe it is worth more than 50 cents per share at this time. Mr. Exton would probably get an offer for your shares if you desire to sell them. However, we suggest your holding the shares for better times.

Midland Oil & Drilling Company. We are unable to locate any trace of this company for a number of years and believe it has gone out of existence. The last quotation of the stock, of which we have record, occurred on January 10, 1920, when 5,000 shares were bid at market. No quotes since that time. We believe the stock valueless at the presnt time.

Mid-Southwestern Oil Company. Incorporated in Oklahoma May 22, 1919, with a principal place of business at Lawton, Oklahoma. This company's charter was cancelled by the Corporation Commission of Oklahoma, December 15, 1930, for failure to pay its annual license tax to that department. We believe this company out of existence, and as far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Mid-West Osage Petroleum Company. Incorporated under the laws of Arizona in 1904 and was located at Bartlesville, Osage Reservation, Okla. This company was promoted by the notorious Douglas, Lacey & Company, who were located at 65 Broadway, New York City in 1904. Mr. H. H. Douglas was a partner of Douglas, Lacey & Co. Large quantities of these securities were sold all over the country, the promoters advertising that the purchasers were protected by a "Trust Fund". In 1907 Douglas, Lacey & Co. ceased to exist, for the attorney general was unable to find any trace of the officers since then. It was never made clear where the $4,000,000 collected from the public, went to. It was just another swindle and the public was on the short side of it. The shares are absolutely worthless.

Mikesell Company.	Incorporated—Delaware, January 5, 1925. Last known address—1223 So. Wabash Avenue, Chicago, Ill. We have examined corporation records and find that the company was in existence in 1924 but subsequent lists do not include this company. At that time M. W. Shanahan, 757 Manchester Avenue, Wabash, Indiana, was Secretary. Several letters addressed to this company and the Secretary remained unanswered. We believe the company out of existence and its securities worthless at the present time.

Miller Oil Company. Company was incorporated under the laws of Pennsylvania in 1864 and the following is information obtained from Edward D. Ackley, 603 Chestnut Street, Philadelphia, Pa., under date of October 18, 1926. This is about all the information that we have succeeded in gathering in regard to this company. The total income was $850.67, the total expenses were $763.48, leaving a surplus of $87.19. The balance of cash on hand as September 1st, 1926 was $1,125.25. There have been no sales of this stock for many years. I would hardly know what value to place on the stock, none being offered or sold. The company owns 51 acres of land, which after the oil rights have been exhausted, I would not want at any price. The company receives one-eighth of all oil taken out of the ground, which is sold at the prevailing market price, which at present is $3.30 per barrel. I have given you the important points regarding this company, if additional information is desired, and you will so advise me, I still endeavor to furnish it. There are no sales or quotations reported of the stock and while the shares apparently have no actual cash value at the time, we would suggest that they be held until such time as the company sells its property (1929).

Miller-Yale Company.	Incorporated in New York, April 10, 1906, with an office at Brooklyn, N. Y. We do not find any trace of this company for a number of years and believe it has gone out of existence. On March 9, 1926 its charter was proclaimed repealed. There has been no market for the stock for some time and it is our belief that it is worthless at the present time.

Mills, John P., Organization, Inc. Incorporated under the laws of the State of California on May 2, 1922. We have received the following letter from Mr. Wells A. Rathbun, secretary of the John P. Mills Organization, Inc., Pershing Square Bldg., N. E. Corner 5th & Hills Streets, Los Angeles, California, and we suggest that you address further communications to him as suggested in his letter. "Replying to your letter of the 21st instant asking to ascertain the present market of the capital stock of our corporation, will state that no shares of stock of our corporation have ever been sold, it is a closed corporation. At one time, some four or five years ago, we sold what is known as oil units to various purchasers, these units entitling the owner of record thereof to a certain percentage in the ownership of certain lands and a certain percentage of the net proceeds of oil which might be produced from oil wells on the property. Inasmuch as we have received this inquiry of yours, the writer believes that possibly you might be referring to the trust certificates or units issued as above described and if this is the case and you will give me the legal description of the property described in the certificate or certificates in question, w will be very glad to give you further information regarding the value of each certificate you list with us.

Milwaukee & Horicon Railroad Company.	10% Land Mortgage Convertible Bonds. Our records show that default was made in the payment of interest on mortgage falling due in April, 1858 and July 12, 1860, and certain bondholders filed a Bill of Complaint in the District Court of the United States in the District of Wisconsin to foreclose the mortgage and the road and property was sold by United States Marshall June 12, 1863 to Washington Hunt and Russell Sage. On June 12, 1863, Hunt and Sage sold and conveyed the property to the St. Paul Company, which company did not assume any of the obligations. There are no funds in the possession of the present company, the Chicago, Milwaukee, St. Paul & Pacific Railroad Company, for the purpose of paying outstanding bonds of the Milwaukee & Horicon Railroad Company and it is our opinion that the bonds referred to have no value whatever at the present time.

Mineral Hill Gold Mines Company.	Incorporated in West Virginia on Oct. 26, 1895 and was located at Gunnison, Colo. This corporation has never filed a report nor paid its franchise taxes required by law. We searched our mining directory recording all companies operating claims in Colorado in 1898 and do not find that this company was in existence at that time. As the company never filed a

Mines Development Syndicate. We are informed as follows, by Makeever Bros. of 262 Washington St., Boston, Mass.: "We are interested in the Mines Development Syndicate, in fact have a great many thousand dollars tied up in the venture. It has some valuable interests but has been having quite a struggle on account of the extremely low price of oil together with the fact that it is interested in three silver properties in Mexico which have been impossible to operate due to political conditions and the disastrously low price of silver. These interests are not transferable, it being a limited partnership and therefore we cannot give you any idea as to the value of the securities but when there is an improvement in the price of oil and the situation in Mexico, the affairs of the Syndicate should become in much better shape." For further information we refer you to Makeever Bros.

Mines Securities Corp. Incorporated in Maine in November of 1901 and had an office at 35 Wall Street, N. Y. C. The company managed, owned and developed mining properties in Colorado. Since the death of the moving spirit in the enterprise, T. J. Hurley, sometime before 1910, the company seemed to have remained in a condition of suspended animation, and those of the former directors whom the United States Investor were able to locate, stated that they withdrew from the company at the time of Mr. Hurley's decease. The company had a bonded indebtedness that was never paid, leaving no equity for the stock, which is without value. The company's charter was forfeited in 1909.

Under the Plan of Dec. 31, 1918, these bonds were exchangeable into Series C Bonds and Preferred Stock of the Kansas, Oklahoma & Gulf Railway Company, but the opportunity to so exchange the bonds was limited by order of the District Court of the United States for the Eastern District of Oklahoma to those holders who deposited their bonds on or before June 1, 1922. The bonds your client is holding are therefore without value. Since that time the company went through another receivership, which was terminated on April 30, 1926, with the company under new management.

Missouri War Claim Certificates. These certificates were issued in payment for services to the soldiers in the Civil War and in payment for military supplies. The certificates have been acknowledged as valid by the State, but their payment is made contingent on the receipt of money for the purpose from the National Government; a constitutional amendment has been adopted making any payment impossible, until such money shall have been received. It has also been decided on the part of the National Government that it cannot pay such money to the State, until the State shall first have paid out an equivalent amount upon the certificate of indebtedness so that the matter presents an example of double responsibility. These certificates bear interest and one can afford to wait until Congress makes the necessary appropriation as the certificates are not barred by limitation. We would suggest you forward your bond to the Treasurer of the State of Missouri and be advised what steps are to be taken to obtain payments.

Mitchell Oil Company.	Incorporated—Kansas, March 15, 1922. Address—Haddan, Kansas (Washington County). The charter of this corporation was forfeited by the State Charter Board on the 31st day of December, 1924. This was for failure of this corporation to file report and pay fee to the office of the Secretary of State for the year ending December 31, 1923. This corporation filed a report for the year ending December 31, 1922, and the officers, as shown by this report are as follows: President, William Mitchell, 22 Exchange Place, New York City; Secretary, Irving T. Bartlett, 22 Exchange Place, New York City; Treasurer, Irving T. Bartlett, 22 Exchange Place, New York City. We do not find any trace of the company for a number of years and believe it out of existence at the present time. As far as w can ascertain there is no market for the stock which we believe valueless at the present time.

Moffit, William H., Realty Co. of N. J.	N. J. 1919.	

Moffitt Consolidated Mines Corporation. Value of Capital stock dated September 1, 1920. This company was incorporated under the laws of the State of New Mexico on September 24, 1918, changing its name from Elephant Butte Copper Corporation and had their principal place of business at Santa Fe, New Mexico; Francis C. Wilson was their agent. At last reported in 1927 the mine was not in operation. However, we had sent two letters to Francis C. Wilson, the agent of the company, and they were not answered nor returned. Apparently the company is dormant. There is absolutely no market for the stock, which, we believe, has little, if any, value at the present time.

Mogul Mining Company.	Company was incorporated under the laws of West Virginia with an authorized capital stock of $1,000,000 par $1. Originally the stock was listed on the New York Curb and the range of sales for 1917 was 88 cents high, 15 cents low; 1918, 37 cents high, 10 cents low. In about June, 1919, this stock was taken off the New York Curb and on December 29, 1923, we find that 5,000 shares sold at auction in New York City for $1.00 the lot. The property of this company proved a disappointment and the company has not been operating for some time. It has been impossible to sell the stock or bonds of this company and we believe them without value at the present time.

Monarch Royalty Corporation. Incorporated: Delaware. March 3, 1925. Offices: 921 New York Life Building, Kansas City, Mo.; **Bank of Commerce** Building, Tulsa, Oklahoma; c/o Corporation Trust Company of America, du Pont Building, Wilmington, Delaware: Officers: Geo. H. Currier, Kansas City, president; no vice-president; A. K. Riley, Tulsa, treasurer and secretary. Remarks: This company is still in existence and doing business at the office given above. **On November 23, 1926,** there was a bid of .70 for the preferred shares of this company, and on December 8, 1928, there was a baid of .65 and an offer of .70 so we believe, therefore, that 67½ would be a fair price for this stock as of November 26, 1928.

Monarch Royalty Corp.	Ore. 1933.	

Monarch Rubber Company of Carrollton, Ohio. This company was organized about 1914 for the purpose of manufacturing automobile tires. We understand the stock was sold to the public with the understanding that a stockholder would be able to purchase tires at reduced prices. **In the** latter part of 1915 suit was brought by a number of stockholders to recover the money which they had put in the company, the grounds for this action being that the tires sold were of a poor quality. We are unable to find any trace of the company since 1915 and believe it went out of existence about that time. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Montana Tonopah Company Reorganized.	Incorporated—Delaware, March 8, 1923. Capital—$2,000,000 par value $1. Property—39 claims in Tonopah district, Nye County. In 1924 work began at the mine and by July, 1925 the shaft was 1800 feet deep, but two months later all work except pumping was suspended. In early 1926 negotiations for consolidation of company with Tonopah Gypsy Queen Mining Company were under way. Officers—Hugh H. Brown, Vice-President; M. E. Albert, Secretary and Treasurer. Address—Mrs. M. E. Albert, 2005 Carmelita Ave., Burlingame, Calif. We are unable to find any record of the company having resumed business. Letters addressed to the company and officers are returned and marked "unclaimed". As far as we can ascertain there is no market for the stock which we believe has only a nominal, if any, value at the present time.

Montclair Railway Company. Organized—Around 1872. Capital stock—$2,000,000; paid in $700,000. Funded debt—1st Mortgage 7% indorsed bonds, $1,200,000; 2nd Mortgage, 7% currency bonds, $400,000; Income Mortgage, 7% currency bonds, $700,000. Total, representing cost of road and equipment, was $3,000,000. (The above was not official as the company refused to give any information whatsoever.) Officers and Directors: Julius H. Pratt, President; H. R. Law, Treasurer; H. Wilcox, Secretary. Office—25 Nassau Street, N. Y. C. Remarks—Line of road extended from Jersey City to Greenwood Lake, N. Y., and was completed in 1872. Was leased to N. Y. & Oswego Midland Co., which company indorsed the 1st mortgage bonds of the Montclair R. R. The road was in the hands of two Receivers until April, 1874 and for the rest of the year operated by the trustee of the bondholders. In 1876 steps were taken to foreclose the road. An additional floating debt of $701,158.91 had been incurred, to meet which the company proposed an issue of $1,500,000 2nd mortgage bonds. The N. Y. & Oswego Midland R. R. defaulted on its interest the entire road and property passed into the hands of a receiver **September 18, 1872, by order** of U. S. Circuit Court. The lease on the Montclair R. R. was terminated at this time. Montclair R. R. sold under foreclosure of 1st mortgage September 25, 1875. The 2nd mortgage bonds were also recognized. Sold and reorganized as Montclair & Greenwood Lake R. R. Co. This Company issued Capital Stock to $3,500,000. The 1st mortgage bondholders of the original company received $305,850 for past due coupons; 2nd mortgage bondholders, $780,000, trustees of the 1st mortgage bondholders, not entitled to dividends, $1,800,000. The balance of $614,150 was unissued. Bonds were also issued. This company was also sold and reorganized on October 20, 1878, as the N. Y. & Greenwood Lake R. R. New company issued Capital Stock to $1,000,000. The 1st mortgage bonds of the last company were paid in full with interest, in this stock and the old stockholders (originally 2nd mortgage bondholders) received 10% of their holdings. The New York Lake Erie & Western R. R. owned a majority of interest in this stock and leased the road from December 1, 1878. Bought the Caldwell Ry. on May 16, 1892 and operated the Watchiny R. R. On May 1, 1896 the N. Y. & Greenwood Lake Ry. was leased to the Erie R. R. for 999 years. As a result of the foreclosure of the Montclair Ry. company mortgage and sale of its property in 1875 the Montclair & Greenwood Lake Ry. Co. was organized and that in 1878 the mortgage of the latter company was foreclosed and the property sold resulting in the present company, the N. Y. & Greenwood Lake Ry. Co. We do not believe the bonds of the Montclair Ry. Co. have any value.

Montezuma Mines & Mills Company. Incorporated—Colorado. Property—215 acres in Snake River district Summit County. In 1917 operations at the mine suspended due to lack of funds. Late in 1918 a mortgage was foreclosed and by July 1919 property had passed out of company's hands. The sale did pay all debts. In 1922, 100 shares of the stock sold at auction for $1 the lot. In view of the above we believe the stock valueless at the present time.

Montezuma Silver Mines Co.		2
Montezuma Silver Mines Corp. Incorporated in Nevada, October 5, 1917. Capital—$1,000,000. Par Value—$1. Officers—H. B. Nedham, President; J. S. Thompson, Vice-President; Jos. Hover, Secretary; Robert Dixon, Treasurer. Address—E. S. Giles, Manager, Goldfield, Nevada. This company was idle from 1921-23 but work was continued in 1924 and some shipments of ore have been made. However, at present we do not find any market for the stock and believe it has only a nominal, if any, value at the present time.

Montgomery-Brooks Company, Inc. Incorporated in Massachusetts. We find no trace of this company for several years and on March 31, 1927 the charter of the company was forefeited. There is no market for the stock at the present time. The last quotations of which we have no record took place in 1923 when both common and preferred stock was offered at market. No bids received. We believe the company out of existence and its stock valueless at the present time.

Moose Mountain Copper Mining Company. Incorporated—Montana, November 27, 1914. Incorporators—Thos. D. Paull, Corbin, Mont.; Geo. M. Beasley, Glendine, Mont.; Wm. Gruneau, Enid, Mont. President at the present time—Jesse Connors of Sidney, Mont. We are advised that the claims are patented and apparently it is a good proposition, however, at the present metal market the company is unable to handle the proposition. We can find no market for the stock at the present time.

Moose Smelting & Refining Company. First Conv. 5s due January 11, 1931. We are unable to find any trace of this company for a great many years and believe the company has gone out of existence. On December 26, 1928, two of the above named bonds sold at auction by Baines & Lofland of Philadelphia for $3 the lot. In view of the above we believe these bonds have only a nominal value, if any value at the present time.

Morgan Iron Works.	Incorporated under the laws of the State of New York on Dec. 21, 1886, to engage in the manufacturing and repairing of steam engines, boilers, etc., with their principal place of business at 811 E. 9th St., N. Y. C. President and director, George E. Weed; secretary, James Mooney; treasurer and director, Stephen W. Roach; directors, William Rowland, John B. Roach, Garrett Roach. This company had a capital of $40,000, par value $100 each. The company voluntarily dissolved on Feb. 15, 1902. Evidently there were no assets left for stockholders as nothing was mentioned about it in the dissolution. It is our opinion that the shares of the company are without value.

We are advised by the officers of this club that, in view of the fact that under the by-laws of the club all stock transfers are subject to the approval of the Board of Directors and are practically limited to members, the market is naturally extremely limited and transfers infrequent. They advise us that the four shares of stock had a market value of $4 as of May 6, 1930. We believe $4 a fair value for these shares as of May 6, 1930.

Morrison, Alexander, & Company.	Incorporated, New Jersey, 1921. We are informed that this company has been out of existence for the past three or four years. There have been no sales or quotations of the stock for several years and we believe it no more than a nominal value as of September 19, 1928. Mr. A. Morrison informs us that the Co. was sold and creditors received only about 2/3 of their bills, which as a result makes the stock worthless. Mr. Morrison himself lost $47,000.

Mortgage & Loan Association.	Value of First Mortgage 6% Bonds due 1889. We have searched our records and found no record of this company. We did find a report that the property had never been foreclosed. According to the laws of New York State, bondholders were allowed until 1909 to foreclose. The Statute of Limitation has set in since 1909, and nothing further can be done about the matter. Reports from other sources were that the issue was fraudulent and are worthless. It is our opinion that the bonds have no value.

Mosqueteros Mining Company. Incorporated 1923 in Arizona and has an office at Two Republics Buildings, El Paso, Texas. Property—Mosqueteros Cerros Colorados, Annexas de Mosquetoros, El Gato and Amalia claims, 400 acres in Ahumada municipality, Bravos district. Three ore shoots have been uncovered. Ore carries silver and lead. Company began shipping about April 1, 1925, and to July, 1929, is reported to have produced $150,000 worth of ore. The stock was last quoted by J. S. Curtiss & Company of El Paso, Texas, on September 2, 1930 at three cents bid, six cents asked, for 5,000 shares. There have been no market since then. Therefore, we do not believe the shares have more than a nominal value at the present time.

Motex Company. An unincorporated declaration of trust organized under the laws of Texas. Capital—$400,000; par value $1. We have been unable to find any trace of this company after 1923 and believe it went out of existence about that time. The last quotations of the stock of which we have record occurred on May 15, 1923 when the shares were offered at $1.50, no bid received. In view of the above, we believe, the stock has only a nominal, if any, value at the present time.

Mother Lode & Table Mountain Gold Mining Co. Incorporated in Arizona 1904 and its charter expired by limitation on December 19, 1929. This company has not filed a report or paid license fees since the time of its incorporation. In view of this fact we have not been able to trace the company for many years and believe it has gone out of existence. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Mount Elliott Consolidated Mines Company.	Incorporated under the laws of Arizona July 2, 1906 and since said date has failed to file annual reports or pay fees. Accordingly we have been unable to find any trace of the company for a great many years and believe it out of existence. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Munyon Remedy Company.	Incorporated in Pennsylvania on July 1, 1924, and was located at Scranton, Penna. The Munyon Remedy Corporation located at Scranton, Pennsylvania, informed us that some years ago the Munyon Remedy Company went into bankruptcy and between two or three years ago an outside group bought the company at receiver's sale as ordered by the Court, after which the present corporation was formed. Therefore, it is our opinion that the shares of the subject company are without value.

Mutual Pharmacal Company, Inc., The. This company is owned and operated by and for physicians and is located at Syracuse, N. Y. It is noted from the financial statement as of Dec. 31. 1930 prepared by James P. Shanahan, Public Accountant, that the company had a net profit of $2,089.93 for the year 1930 and paid a dividend of 63 cents per share in February, 1930. The net profit amounts to 64 cents per share as there are 3,232 shares outstanding at a par value of $10 each. The sales, according to the statement, had fallen off from 1929 to 1930. The company owes practically nothing and shows assets of $73,058.14 of which $17,894.30 is in cash. Considering the dividend and earning record and their net worth, we believe the shares were worth par or $10 per share as of Nov. 22, 1930.

Myrtle Mills of Gastonia, North Carolina.	Market for this stock is inactive. The stock is as good as par as far as principal but general conditions in the South at present do not lend themselves to a ready market for the stock. Last May the preferred was offered at 56 but received no bids. The bid and ask prices are usually so far apart that it would be hard to state a value. R. S. Dickson & Company of New York have an office in Gastonia, N. C., and what market is to be had, we believe is in that locality. You could communicate direct to their southern office or through their New York office for a present market.

Nash Receiver Sight Corporation.	Incorporated under the laws of the State of New York and had an office at Room 3517, 120 Broadway, New York City, in 1916. Officers: Zoheth S. Freeman, Pres.; Lewis L. Dunham, Vice-Pres.; Archibald E. Stevenson, Secy.; Fred W. Gordon, Treas.; John Doyle Carmody, Director. In 1922 the company was reported out of business. On Dec. 16, 1929 the corporation was dissolved pursuant to the provisions of Section 203-A of the Tax Law of the State of New York. Mr. Dunham, located at 817 Fifth Ave., New York City, informed us that about 1922 or thereabouts, the books, records and all of the stock of this company was turned over to J. M. Enochs, who was interested in the patents of this company. At that time the stock had no value, for it was impossible to interest anyone in the patents. It covered a special sight on a rifle, but never amounted to anything as far as we have been able to determine. The records are probably among Mr. Enoch's papers. Mr. Dunham would be pleased to furnish you with any further information you desire regarding the company. In view of the above, we submit the shares as worthless as of April 7, 1932.

National American Score Service, Inc. N. Y. 1929.
National American Tin Corp. Incorporated in Delaware March 11, 1929 and had an office at 25 West 43rd Street, New York City. Charles P. Bland, president; Hy. E. Vaughan, vice-president; Charles K. Rath, director; C. H. Gould, secretary. This corporation, which is the outgrowth of the National Tin Corporation, took over the property that National Tin was unable, during a period of 10 years, to make a go of. Therefore, it is reasonable to assume that their chances were 1 in 1,000 to make a success of it. The company is no longer in existence, having become inoperative on April 1, 1932 for non-payment of two years' taxes. It looks like the company went out of business in 1930. It is our opinion that the shares are without value.

National Bancorporation of America, Inc. Class "B" Founders Stock & Class "A" Investors Stock. Incorporated in Maryland. This company had an office at 122 East 42nd Street, New York City, but we are unable to find any trace of it at the present time. Mr. Raymond H. Topenow, a former officer of the company and now connected with the Credit Trading Corp., advises that he severed connections with the company about a year ago and does not know what happened to it. He holds quite a few shares of the stock and is willing to sell it at any price he is offered but is unable to obtain a purchaser; it is his belief that the stock is absolutely worthless. Mr. Abraham Greenberg, former attorney for the stock company, also advises that he broke relations with the company about a year ago and believes it out of existence at the present time. In view of the above we believe the above classes of stock have only a nominal, if any, value at the present time.

National Brands, Inc. The following is a letter received from H. Ruthven Crowley, 1609 Green St., Philadelphia, Pa.: "I was treasurer of National Brands Inc. and resigned some time ago but notwithstanding I will be pleased to obtain any particular information concerning the company's affairs that your client requires, if you will send me his name. The company has no office and conducts no business in Philadelphia or Pennsylvania. It is a holding or finance company and not a trading corporation. It depends for its income upon dividends and interest, etc., received from its holdings in stocks, bonds, etc., of other concerns. Since the end of 1931 the company has been dormant or inactive by force of circumstances beyond its control. It has received no dividends and has met with default on its bond investments. As a result it has been compelled to default temporarily on its own 10 year Debentures and has been unable to pay any dividends to its stockholders. In March 1932 by majority vote of its stockholders, and in order to greatly reduce its annual franchise taxes, its charter was amended and its capital reduced by $190,878.63 and a like amount written off the book value of its holdings of no-par stocks of other companies. By the amendment to its Charter its 250,000 no-par Class A shares were changed to 150,000 shares of $1.00 each and its 100,000 Common Stock (no-par) changed to 100,000 shares of 10c. each. Of its Class A stock 96,928 shares are in issue. Most of this stock was issued in exchange for stock in other companies. I do not know of any market for this stock, nor would I care to quote you any value under economic conditions ruling today. In 1932 in order to conserve the company's assets, so far as possible all transactions were suspended and no office rent, fees or salaries were paid or incurred. Its outgoings amounted to $1,999.56, made of depreciations, collections expense, registration fees, taxes and interest. No officer of the company received any remuneration whatever and clerical services and office accommodation were given free. Referring to your opening paragraph, with the exception of a certain Baltimore house, who will be written to before long, I am unable to trace receipt of repeated requests from any stockholder in Class A asking me for information concerning the company. Had I received any such requests I would have been pleased to reply out of courtesy alone. I trust the foregong contains the information sought by your client. The company is inactive, conserving its assets, cutting all expenses to the bone and awaiting better times with its probable recovery in values. In my own personal opinion that is the proper policy to follow under the distressful conditions in which we are all living today. If you require any other special information write me again and I will endeavor to obtain it for you and also send me your client's name."

National Cable Railway. Incorporated under the laws of the State of New York in 1883. We have found no record of this company's operations, but it was reported that the company's only assets were patents, which proved of little value. It was reported in 1903 that the bonds and stock of the company were worthless. Therefore, it is our opinion that the shares of this company are worthless.

National Consolidated Coal Company. Incorporated in Arizona, 1923 and since that time has failed to file annual reports or pay fees. Officers—H. L. Smith, Vice-President; N. V. Suess, Secretary. We are unable to find any trace of this company for a number of years and believe it out of existence. Letters addressed to the company have been returned and marked "unclaimed". The last quotations of the bonds of which we have record took place on July 10, 1927, when one bond sold at auction for $1. In view of the above we believe the bonds of this company have only a nominal, if any, value at the present time.

National Copper Corp. Incorporated in 1928 to succeed the Vermont Copper Corporation. The company shut down their mines and relinquished their leases in April of 1931 leaving the corporation with no assets. Therefore, it is reasonable to assume that the stock became worthless in April of 1931. Confirmation of the above may be obtained from LeRoy M. Gross, 39 Broadway, N. Y. C., former President.

National Diversified Corporation. Mr. F. A. McCallon, of the Receivership Department of the Irving Trust Company, informed us that the above company is bankrupt. The main assets of the company is an 80 per cent. interest in a motion picture company, which is still in operation and which eventually, over a period of years, will pay back to the bankrupt estate a sum in the vicinity of $500,000. This is entirely problematical as there are a substantial sum of preferred creditors that will have to be satisfied before stockholders receive any benefits.

National Electric Railway Signal Company of Louisville.	The State Tax Commission of Kentucky informed us that they have no record of the above mentioned corporation. The Secretary of State of Kentucky informed us that they have made a careful search of their records and failed to find a corporation by the above name, either as a domestic or foreign corporation. Articles of incorporation were not filed in the Secretary of State's office prior to 1893. Perhaps the above mentioned company is very old and was incorporated by an act of legislature. As far as the Tax Commission of Kentucky is concerned the company has never paid any taxes into their office. Evidently the company went out of business before 1893. It is our opinion that the shares are worthless.

The preferred stock was listed on the New York Curb and was last quoted on Dec. 9, 1931 at 1 bid, 3 asked. The common shares were listed on the N. Y. Curb and were last quoted on Oct. 9, 1931 at ¼ bid, 1¼ asked. There was absolutely no market for the common or preferred shares since. Evidently the company went out of business for no trace of it could be found since 1931. Therefore, it is our opinion that the preferred and common shares were deductible as a loss for the year 1931.

National Group Mines of Thunder Mountain. Incorporated in Washington, November, 1902. Capital —1,250,000 shares. Par value—$1. Officers—A. D. Campbell, President, A. G. Hananer, Secretary. On August 23, 1909, the charter of this company was forfeited for non-payment of taxes and we find no trace of it since that time. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

National Guarantee Credit Corporation. Incorporated—Delaware January 24, 1919. Capital Stock—29,072 shares Class "A" Common 3700 shares Class "B" Common both of no par value, and $325,052 (21,670 shares) 9% cum. pfd. of $15 par value. Officers—A. J. Crawford, Chairman of Board, Geo. B. Squires, President, T. J. Just, Vice-President, B. A. Groves, Secretary, S. A. Roddes, Ass't. Treas., Wm. T. Bryan, Treasurer. General office in 1926, 1206 Liberty Bldg., Phila., Pa. In 1925 the company was placed in the hands of a Receiver. On December 22, 1926, 30 shares of preferred stock sold at auction for $1 the lot. At a meeting of stockholders the above named corporation, on September 6, 1929, at the office of the corporation, 514 Citizens Bank Building, Wilmington, Delaware, the stockholders voted to dissolve the corporation, and the corporation has been dissolved accordingly, and the remaining assets will eventually be paid, pro rata, to the holders of the preferred stock, in accordance with the charter of the corporation. Some of the assets are held up on account of disputed claims which may require a court decision, and no distribution can be made until these matters are settled, since the distribution will be very small and will certainly amount to less than fifty cents per share. There are about three thousand stockholders, scattered all over the United States, and it will be readily understood how imposible it is to answer letters and questions of all these people. When distribution is finally made, checks will be mailed to all holders of preferred stock for their respective pro rata shares, and this will be a very small amount, as has already been stated.

National Playhouses, Inc. Organized in Illinois in 1926 as a holding company. Owned a controlling interest in National Theatres Corp. The latter corporation went into receivers hands in 1928 and its property was sold to satisfy a mortgage. Chapman & Cutler of Chicago informed us that the Class A stock of this company is without vlaue. Its subsidiary, National Theatres Corp. was adjudged a bankrupt and as the subject company had no assets except common stock of the National Theatres you will appreciate that the Class A shares are without value.

National Press Building Corp. Company is located in the National Press Bldg., Washington, D. C. The company owns land and 14-story theatre and office building erected thereon, located at southeast corner of Fourteenth Street (150 ft.) and F Street (269 ft.), Washington, D. C. There is an issue of $6,250,000 of first sinking fund gold 5½ per cent. bonds and $2,200,000 of general sinking fund gold 6½ per cent. bonds, and apparently there are $200,000 of unsecured notes, as of December 31, 1930 report shows that interest on		

Name	Date Charter Forfeited	Vol.

unsecured notes amounted to $12,000—assuming that that amount is 6 per cent. of the principal. In addition to the funded debt of $8,650,000, there is an issue of $2,000,000 of 7 per cent. cum. pfd. stock, of which $1,244,552 was outstanding December 31, 1930. There is absolutely no market for the preferred stock. Where there is no established market to serve as a guide the question of value even of tangible assets, is one largely of judgment and opinion. The value of the preferred stock which has no market price may be estimated by resort to the assets and attendant circumstances which may affect the value of such assets. Evidence as to the assets and liabilities and the earnings and the history of the specific business may furnish definite indications as to its "fair market value." The market value of the preferred stock based upon earnings available for dividends was nil, there being a 22,342.94 deficit as of December 31, 1930 and $3,245 as of December 31, 1929. The market value of the preferred stock upon dividends paid was nil, as there were no diivdends paid since the stock was issued in July, 1926. The accrued dividends on the preferred stock amounted to $265,000 as of December 31, 1929. The Bureau of Internal Revenue vacated the space formerly under lease by the government on June 30, 1930. This space was comprised of 425 offices. There are in the building a total of 997 offices. Also in the prevalent financial crisis the other tenants had their share. Several have failed and others did not renew expiring leases. The Patent Office expects to move into the building in the Fall of 1931, and will be followed by many patent attorneys. According to this program it is doubtful whether the company will show a good earning statement until the end of 1932. With these facts in mind, it is doubtful when the accrued and regular dividends will be paid on the preferred stock. In view of the above, we do not believe the preferred and common stocks had any more than a nominal value as of August 13, 1929 and submit them as such as of that date.

pany of Pottstown, Pennsylvania. All companies were inter-related. According to a report made by the Financial World on June 20, 1921, W. C. Jenkins & Company of Philadelphia invited the stockholders to this corporation to exchange their shares plus some additional cash for the shares of the Hydro-United Tire Company. It was reported that Jacob J. Feist and his National Rubber Company the affiliate of the National Rubber Products Corporation were given a lot of publicity about their get-rich-quick schemes. The Financial World stated in December, 1921, that the stock of this corporation was worthless and had the stockholders been fortunate to have read at that time their exposures of this rubber scheme the stockholders might have been spared the trouble to which he now puts himself to find out what became of his money. The shares are absolutely worthless.

National Shipping Corporation. Mr. George A. Carden of 37 Wall Street, New York City, informed us that he resigned the presidency of said company, and was succeeded by Robert Means, who subsequently died, and understood that the company was dissolved. While Carden was president it is his recollection that practically all the assets of the company were reduced to cash and the cash distributed among the stockholders, Evidently your shares of this company received its pro rata shares and are now valueless.

National Telephone Company. Incorporated—Michigan. This company was sold to the Union Telephone Company of Alma, Michigan, on March 2, 1901. The president, W. J. Melchers, of the Union Telephone Company of Owasso, Michigan, informed us that the transaction did take place, but cannot understand how there are any securities of the National Telephone Company out now. He further states that he cannot see how they can have any value because whatever adjustment was made the security holders of the National Company was completed at that time. We suggest your writing to this firm and ask what disposition was made for the stock. If your shares did not receive the adjustment we ought to be able to get it now. If you cannot get any results, we will go to the Public Utility Commission and get an accounting.

ers Trust Company advised us that it would not be necessary for stockholders to file claim, and that the present stock was worthless; unless something can be realized from certain real estate that was held by a subsidiary of this company, known as the Fairlawn Realty Company. Mr. Lucas stated that this real estate was more or less considered as frozen assets, and that during the present depression in real estate values that the assets are more frozen than ever at present. Under this condition we do not see how there could be any market for the stock. We advise you to keep in touch with the receiver for further developments.

Nebraska Art Association. Incorporated in Nebraska. We have been informed by the Secretary of the Association, Harry F. Cunningham, that this stock is issued to a class of members who are called "Stockholders" and who have the right to vote for officers of the Association. They represent, each one, a contribution of at least ten dollars to the Association. He has never heard of any sales of these shares. Each one represents, of course, a

proportionate interest in the collection of paintings owned by the Association, and such proportionate share would amount to a fair sum now that the Association owns a number of fine paintings and are adding each year to their collection. If you wish to dispose of these shares we will have the Secretary present the matter at the next meeting and see what action can be taken in the affairs.

Neighborhood Service Corp.	Incorporated in New York and was engaged in the advertising business at 331 Madison Avenue, in 1915. Officers — Le Baron M. Huntington, President; D. R. Huntington, Secretary. The company must have gone out of business the same year because there was no information available in 1916. We have been unable to find any trace of the company and its officers, nor any value to its stock for a number of years and believe the common and preferred worthless at the present time.

Neosho Valley Oil & Gas Trust.	Incorporated in Kansas and owns natural gas properties at Humboldt, Kan. J. J. Amos is General Manager, Humboldt, Kan. Company owns 200 acres and leases 2,300 acres. Field located in Allen and Woodson Counties, Kan. Annual production—75,000,000 cu. ft. Gas purchased from other companies—18,000,000 cu. ft. Population supplied—2,500. Price of gas—domestic, 60c.; industrial, 20c. We were informed by J. J. Amos that the company is quite active in a small way and is doing business all the time. He also informed us that under the provisions of the trust it is obligatory on the manager to make a written statement of the affairs of the trust on a written demand on a cestui que trust and if you will have your client write him personally he will send a statement. He did state that it is rather difficult to state just what the value of this stock is as it has a number of gas and oil wells and several miles of pipe lines, prices on which at present are at a very low ebb. The only market for the stock would be a local market and that does not exist at the present time owing to the impoverished condition of business.

Nevada Coal Company. Incorporated Oct. 31, 1904, is no longer in existence, having become inoperative and void Feb. 5, 1908 and proclaimed by the Governor January, 1909 for non-payment of taxes. The following were the names of the officers: Pres., John W. Brock, 1607 Walnut St., Philadelphia, Pa., care of Land Title & Trust Co.; Treas. and Secy., Clyde A. Heller, Room 511, Bullitt Bldg., 131 So. Fourth St., Philadelphia, Pa. This company was formed to investigate a coal prospect in Southern Nevada near the Tonopah & Goldfield Railroad, but after expenditure of a considerable amount of money in work upon the ground the prospect was abandoned and nothing else was undertaken by the company. We are advised the stock is worthless.

Nevada Douglas Consolidated Copper Co. Mr. Frank M. Orem, Secretary and Treasurer of the company, whose address is at Salt Lake City, Utah, informed us that the mines have been shut down for years and the only smelter within shipping distance was dismantled. The low copper market makes it impossible to operate at a profit, and under present conditions the stock has no market value.

Nevada-Douglas Copper Mining Company		3

Nevada Douglass Gold Mines, Inc. Incorporated in Nevada, May 18, 1925, as a reorganization of the Nevada Gold Range Mining Company and was represented by H. E. Springer, Douglass, Nev. In early 1928 the company was reported to be in financial difficulties. In late 1929 the sale of the company's property to satisfy judgments was temporarily prevented by a restraining order from the court. We sent letters to Douglass, Nevada, but were returned. Our letter to the company at Reno, Nevada, where the company was last located, was returned by the Post Office marked "unclaimed" and "Not in Directory." It is our opinion that the Company is out of existence and the Preferred and Common stock worthless.

Nevada Silver Consolidated Company, Inc. Incorporated: Delaware, November 24, 1916. Authorized Capital: 2,500,000 shares. Treasury Stock: 800,000 shares. Par Value: $1 (fully paid and non-assessable). Property: Consists of approximately 166 acres located at Wonder, Churchill County, Nevada. Registrar and Transfer Office: Registrar and Transfer Co., Equitable Bldg., New York City. Officers: George A. Manning, President; R. V. Ellis, Vice-President; N. H. Manning, Secretary and Treasurer with Eli Cann and E. V. Schutze as directors. Address: George A. Manning, Campbell, New York. In 1926 the company was reported to be resuming work and in February, 1928 the company was again offering stock. We believe if you communicate with Mr. George Manning at Campbell, New York, he will be able to give you more recent data.

Nevada Silver Horn Mining Co. We were informed by Mr. A. L. Scott that the shares have been absolutely worthless since about 1926 when the company abandoned its property and forfeited its charter. J. C. Weir & Co. of New York City were the promoters.

Nevada Silverfields Company. Incorporated in Nevada in 1918 to take over the property of the Silverfields Mining Company, Ltd. and to get control of the Nicklas Mining Company. The company assumed $75,000 of bonds of the Nicklas and retired them. It looks like the officers or directors of the subject company were stuck with the bonds of the Nicklas Company. They formed the subject company, sold the stock to the public and paid their own bonds off. The company went out of business in 1920 and lost its charter in 1924. This is merely our opinion of this high financing; however, it seems logical. If the $75,000 had been used in developing the property instead of paying off some bonds the company might have made some progress. It is our opinion that the shares are without value.

Nevada Smelting & Mines Corporation. Incorporated—South Dakota, May, 1906. Capital—$5,000,000. Par Value—$5. Officers—Max E. Bernheimer, President; L. A. Dessar, Vice-President; Werner Mueller, Secretary; A. W. Joseph, Treasurer. This company was operated by the Morey Mining Company and stockholders of the Nevada Smelting & Mines Corporation were given privilege of exchanging their stock for that of the operating company on the basis of 10 shares Nevada Smelting & Mines Corp. for 3 shares of Louisiana Consolidated stock (predecessor of the Morey Mining Company) 70% of the stockholders made this exchange. Whether or not this exchange was made is of little consequence as we find that on December 22, 1926, 3,000 shares of Louisiana Consolidated stock sold at auction for $3 the lot, and on November 1, 1916, 100 shares of Nevada Smelting & Mines Company sold at auction for $3 the lot. In view of the above we believe the stock of the Nevada Company without value at the present time.

Nevada Southern Development Company. Incorporated—Arizona, October 6, 1905. Capital—$1,000,000. Par Value—$1. Officers—W. C. Jones, President; F. W. Johnson, Secretary. This company has failed to file annual reports or pay fees since the time of its incorporation. Accordingly we are unable to find any traces of the company for a great many years and believe it out of existence. As far as we can ascertain there is no market for the stock which we believe valueless at the present time.

Nevada Southern Gold Mining Company. Incorporated in Arizona April 3, 1906 and since that time has not filed a report or paid fees. It is our opinion that it went out of existence many years ago. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

New Eastern Investment Company, Ltd. Registered January 19, 1899, as the Associated Share & Investment Company, Ltd., to take over the undertakings of the General Enterprise Company, Ltd., and the General Tobacco Corporation, Ltd., and in 1903 acquired the principal assets of the Eastern Investment Company, Ltd., which was then liquidated, the name at the same time being changed as above. The company carries on a financial business. In 1908 15s. per share was written off, and the authorized capital is now £200,000 in shares of 5s. all of which has been issued and is fully paid. Loans against security at December 31, 1929, £92,903. Accounts to December 31, 1929, submitted July, 1930. Last dividend, 5% for 1912. In respect of 1929, after providing for interest on loans (which is, however, not being paid, but added to the principal sums due by arrangement with the lenders) there was a deficiency of £134,181. Investments, mining claims, real estate, etc., still remain in balance sheet on basis of book value at December 31, 1913. Investments carried since that date are valued at cost. Office—3 Cenral Buildings, Westminster, S. W. I., London. Auditors—Spicer & Pegler, London, England. Bankers — Midland Bank Ltd., London, England. As far as our records show, there is no market for the stock, and submit only a nominal value as of September 22, 1931.

ganized in November of 1911, after the bankruptcy of the Columbian-Sterling Publishing Company, with hopes that it could carry on, but it was found that the business was a losing venture and the directors quit. Champ Clark, a former stockholder, stated at the time, that he was not the first fellow that had been beaten out of his money. We submit the shares as worthless.

New Jersey-West Virginia Oil & Gas Company.	This company was incorporated in Arizona in 1907 and their charter was revoked by order of the Arizona Corporation Commission on August 17, 1926 for failure to pay annual registration and report filing fees. The company has never paid any fees or filed any reports since incorporation. We have searched our oil and gas books from 1907 to 1926 and failed to find any record of the company's operations or any evidence that the stock ever had a value. It is our opinion that the shares are absolutely worthless and submit them as such.

New Mexico Copper & Manganese Company. We have searched our own files and many other sources of information available to us, but can find no trace of the above mentioned company and it is our opinion that it went out of existence many years ago. The Secretary of State of Delaware also advised us that he has no record of this company having been incorporated in that State. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

New National Industries, Inc. Incorporated in Dela- January 11, 1927, and is no longer in existence, having become inoperative and void April 1, 1930. A letter to Mr. S. L. Mackey of Wilmington, Delaware, one of the incorpators, was answered by the Corporation Service Company of that City, and informed us that they know nothing about the above company, as they ceased to represent it in 1929 when the company failed, and went out of existence. New Orleans, Mobile & Texas Railroad. 8% Income bonds due 1914. Default was made in payment of First Mortgage Bonds in 1873. Property was sold under foreclosure in November, 1874. The Income Bonds were Railroad Aid Bonds, and were all repudiated by the State of Louisiana. For lack of interest, no committee has been formed to bring suit on these issues. We believe it is rather hopeless, and do not think the State of Louisiana will ever pay them. In our opinion the bonds are worthless.

New St. Elmo Gold & Copper Mining Company.	Incorporated—Victoria, British Columbia. Directors last reported—E. L. Sawyer, 217 Broadway, New York City; Henry J. Scott, Toronto, Canada; Wm. Baker, Rossland, B. C.; Wm. S O'Connor, Groton, Conn. We are advised that the stock has no value. Some twenty years ago a great deal of work was done, but on the death of Mr. Duryea all work stopped. About a year ago it was thought there was a possibility of selling the mine to the Consolidated, a producing property on Red Mountain, but operations on this mine ceased and nothing has been done since. The last assessment, made in 1902, was not paid except only a very few stockholders, and there is no money to carry on any operations.

We do not find any trace of this company for a number of years and believe it has gone out of existence. On October 15, 1927, the charter of the corporation was forfeited for failure to file reports and pay annual fees. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

New York Cable Railway Company. Incorporated April 22, 1884 in New York. The Public Service Commission reported 1913: "No record of any construction." The company, apparently for the aforementioned reason, list its franchise and went out of existence, for we do not find the company listed in our book dated 1893 of New York Corporations. The first mortgage 5% bonds were reported as worthless in 1903. In view of the above we submit the Certificates of Deposit for 6% Second Mortgage Bonds as being without value.

the road was not in operation. It was understood at that time that little besides the old franchise was held by the company. The construction account for June 30, 1904 as sent to the Transfer Tax Attorney at Albany, New York, showed that salaries and other expenses amount to $1,701,593.13 while the capital account amounted to $1,503,200. In other words the expense of construction used up all their available funds. The State Railroad Commission denied the application of the company to issue a first mortgage. At last accounts Verplank Colvin, the president of the company was trying to raise a million dollars to put the road on its feet, but apparently he failed, for the Transfer Tax Attorney at Albany carried the stock at no value as of April 15, 1905. Therefore, it is our opinion the shares are worthless.

New York Harbor Dry Dock Company, Inc. Incorporated—New York, July 29, 1922 as a successor to the Delaware Company. According to our records the company is still in existence at 17 Battery Place, New York City and the following are the officers:—E. V. Illmer, President; P. L. Miller, Vice-President; E. W. Eldred, Secretary and Treasurer. We find no Transfer Agent for the new company and believe it must have acted as its own agent. Common stock believed without value.		
New York Harbor Dry Dock Corporation. Incorporated—Delaware, February 1920. We find that this company was in the process of liquidation in 1922, and the New York Harbor Dry Dock Company, Inc. (the New York Corporation) had taken upon themselves to run the Delaware Company. At that time the Transfer Agent was the Equitable Trust Company of New York. Address of the company was 32 Pearl Street, New York City.

New York Mail & Newspaper Transportation Company.	Incorporated in New York and had an office at 52 Broadway, New York City, until 1923, which office was moved to 130 W. 42nd Street, New York City. Their business was underground pneumatic tubes. In 1923, M. L. Emerson was President. The company is still located at 130 W. 42nd Street, New York City, and the main office is in care of Lamson Company, Syracuse, New York. The stock is probably closely held, for we have found no quotations for the stock for a number of years.	
New York Mail & Newspaper Transportation Co.	Mr. G. J. Murray, Vice President of the above company, 130 W. 42nd Street, N. Y. C., informed us that he would like to know the number of shares of stock owned and to whom the stock was issued.

New York & Ontario Power Company. We are informed as follows by Mr. W. S. Connolly, president of the New York & Ontario Power Company, located at Morrisburg, Ontario, Canada: "There is practically no market for the securities of this company at present. It is virtually a syndicate, as the bulk of its securities are in the hands of a few people who have been supporting it in the expectation of developing a water power which the company owns. If you could let the writer know the amount of bonds which your client holds, and the price which he would take for them, an effort will be made to place them. At the same time it would probably be better for your client to hold on if he can do so, for, if the company is ultimately successful in carrying out its plans, the result would probably be better than anything which could be had for the securities at present." For further information we suggest you communicate with Mr. Connolly at the above address.

New York and Virginia Copper Co. Incorporated in West Virginia and had an office at 50 Broadway, New York in 1909. A small smelter was built by Louis Strauss, who, it was reported sold bogus bills of lading for several carloads of ore, and committed suicide on discovery of his crime. Receivers were appointed in April 1909. Various charges of fraud were made against Col. Dunn. The shares are without value.

New York & Westchester Town Site Company. Incorporated October 21, 1905 under the laws of the State of New York and had an office at 30 Broad Street, New York City. Funded Debt—$203,000—5% Income Bonds; $821,000—6% Deb. Bonds. President —J. Leitner. We have a letter from Jacob Leitner dated September 29, 1915, stating: "The Company is out of business and the bonds are absolutely without value." Mr. Leitner, evidently was correct, for Poor's Manual of Industrials for 1916 states that in July, 1916 the manual (Poor's) was officially informed that the company had gone into the hands of a receiver and the assets of the company sold at public auction. In view of the above, we submit the stock and bonds as worthless.

Newark Factory Sites, Incorporated. A reorganization of the Newark Meadows Improvement Company. Incorporated under New Jersey laws in 1915. Property consists of 2800 acres of land, some of which is improved, but a large portion of it is unfilled meadow land. Company formerly derived its actual income from rentals of places leased for sign board priviledges. Company is located at 135 Broadway, and Mr. A. I. Lozier, treasurer of the company, states that the company is engaged in the sale of meadow land located in Kearny, N. J., at the present time. Stock is not traded in on any exchange or security market, but Mr. Lozier believes that a bid of 2 and an offer of 5 would be a fair quotation at this time (1929).

Newark Telephone Company. Value of capital stock, par value $10 each. Incorporated in New Jersey, April 9, 1875, and was located at 224 Market Street, Newark, N. J. In early 1916 the company was placed in the hands of a receiver and very soon thereafter the plant was dismantled and operations were discontinued. The last known officers were: James B. Curtis, Pres., William Sheriden, S. C. Ormsbee. There was an outstanding bonded debt as of December 31, 1915 of $276,000. According to the earning statement of the company published by the Public Utility Commission of New Jersey the company suffered a deficit almost every year. Mr. P. R. Persons, Treasurer, of the Friendship Telephone Company of New York City informed us that the shares of the Newark Telephone Company are without value. In view of the above we submit the shares as worthless.

Niagara Bank of Buffalo.	This bank was closed by the Banking Department in 1901 and was liquidated by the Bank of Buffalo, now the Marine Trust Company, over a course of several years of liquidation. Approximately 90% was returned to creditors on their claims. Inasmuch as depositors and creditors did not recover the full amount of their claims, it is evident, of course, that the stockholders could have received nothing and the stock accordingly is worthless.

Nixon Nevada Consolidated Mines Company. Incorporated—1921. Capital—5,000,000 shares. Par value $1. On January 12, 1924 the Nixon Nevada Copper Corporation became successor to the Nixon Nevada Consolidated Mines Company. Stockholders of the latter company receiving the privilege of exchanging five shares of old company's stock for one share of new, plus an assessment of $.25. This privilege lasted until December 20, 1924. Whether or not the stock can still be exchanged, we believe makes little difference, as we are unable to find quotations of the new stock. We therefore believe the stock of the Nixon Nevada Consolidated Mines Company had only a nominal, if any, value as of December 21, 1929.

Noesting Pin Ticket Co., Inc. The Noesting Pin Ticket Co. Inc. is located at Mt. Vernon, N. Y., and manufactures "Merchandise Tags," "Paper Clips" and "Thumb Tacks." There have been no sales of stock of this company to anyone for many years, with the exception of sales made to Mr. G. F. Griffith, President of the company, in the year 1928 by the majority of the holders of preferred stock. In July, 1928, over 700 shares of the 800 outstanding were transferred to Mr. Griffith, together with the common stock as a bonus, the consideration being $50.00 per share, payable in eight equal yearly payments. Since then, Mr. Griffith purchased some preferred at $40.00 per share with the common as a bonus. Mr. G. F. Griffith informed us on June 30, 1931, that he is willing to purchase four shares of preferred stock with common as a bonus for the sum of $160.00. We have examined the balance sheet as of December 31, 1930, and find that a fair book value would be about $51.00 per share for the preferred stock. The company showed earnings of $9,016.00 for 1930 or about $6.00 per share for the preferred stock. Under conservative management the company could pay 50% or $3.00 per share in dividends. If we capitalize $3.00 at 10% the stock would sell for about $30.00 per share. In 1930, the company paid a dividend of $1.75 per share on the preferred. Capitalizing this at 10% the stock would sell at $17.50 per share. Summarizing these various conclusions, we do not believe the preferred stock is worth more than $40.00 per share and submit it as fair as of the present time.

Nome Gold Dredging & Power Company. Incorporated in South Dakota and is out if existence, its terms of existence having expired by the limitations of its charter in 1927. We searched our mining records back to 1908 and found no record of this company's operations. It was reported that it was a stock jobbing venture in 1912 backed by a group of notorious promoters. It is our opinion that the shares are without value.

Nome & Kougarok Consolidated Mines Company. Incorporated about 1901. Capital—$10,000,000. Par Value—$1. Company claimed properties in Nome, Kougarok and Pt. Clarence Mining districts, Alaska. At the time of incorporation the company was not looked upon with favor. In view of the above and the fact that we find no trace of the company at the present time, we believe it out of existence. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Nome Montana-New Mexico Mining Company. Incorporated—Arizona, 1902. Capitalization—$2,000,000 par value $1. Officers—G. C. Weiss, President; A. J. Morse, Vice-President; G. F. Ramsey, Secretary & Treasurer. Properties—Six claims, adjoining the Copper Cliff Mine, near Elliston, Montana; and 3 claims in the Bromide district of New Mexico. Both of these properties have been idle since about 1908. The company also had 8,000 acres of placer ground on the Solomon River near Nome, Alaska. The company was never regarded as a favorable proposition and after 1911 we find no trace of the company and believe it went out of existence about that time. We are unable to find any market for the stock.

Norfolk & New Brunswick Hosiery Company.	Company was incorporated in New Jersey, Oct. 20, 1863 and was located at New Brunswick, N. J. The company was placed in the hands of a receiver and on Dec. 18, 1917, its plant, trade name, good-will, etc., were sold at auction, only as a going concern. We understand the company's creditors did not receive the full amount of their claims, leaving nothing for the stockholders. On May 30, 1925, 24 shares were sold at auction for $1 the lot. We submit the shares as worthless as of May 10, 1930.

Norristown Shoe Manufacturing Company.	Incorporated—July 14, 1892 at Norristown, Pa. Capitalization—$50,000; par value $100. Officers—John T. Dyer, President, Norristown, Pa.; E. F. Kame, Secretary, Norristown, Pa.; Amon W. Geigh, Treasurer. We are informed that the company had a shoe factory about 30 years ago, but went out of business. The company was a failure. Creditors were not paid in full; we therefore believe the stock of the company without value. The charter of the company was forfeited many years ago.

North American Lumber & Pulp Company. On July 16, 1904, the United States Investor reported as follows: "The North American Lumber & Pulp Company was one of the latest of the Webb Meyer syndicate promotors. This company supposedly controlled 200,000 acres of lumber and pulp wood lands in Nova Scotia and had about 50,000 more under contract. The outstanding capital stock is $1,000,000. Besides his there is a bonded debt of $400,000 United Lumber Company, first mortgage 5's. The securities of this company were never generally distributed. Since the collapse of the Webb Meyer syndicate practically nothing has been heard of this concern. The property is bonded for its full worth and the stock has merely a sentimental value." In view of the above, we submit the capital stock as worthless.

North American Mines, Inc. We do not find any trace of this company for a number of years and believe it has gone out of existence. The last quotations of the stock, of which we have record, occurred on July 29, 1926, when 5000 shares were bid at .05. We have no record of any quotations since that time. In view of the above we believe this stock has only a nominal, if any, value at the present time.

North American Mortgage & Building Corporation. Incorporated in New York to engage in placing mortgages on real estate and in selling securities other than its own, with its main place of business a 299 Broadway, N. Y. C. The capital stock was last quoted in 1928 at $4.00 a share for preferred and $1.00 per share for the common. The office of Louis Jackson who is an attorney and former president of the company informed us that the company lost its properties in 1929 through foreclosure, leaving the stock of the subject company with no equtiy. Therefore, in view of the above, it is reasonable to assume that the capital stock became worthless in 1929 and submit it as such as of that time.

North American Refractories Company of Cleveland, Ohio. A consolidation of the Dover Fire Brick Company, Ashland Fire Brick Co., Crescent Refractories Co., Elk Fire Brick Co., Farber Fire Brick Co., and the Queens Run Refractories Company. Harry S. Sleicher, vice-president and eastern sales manager with offices at 50 Church St., N. Y. City, states that this consolidation took place about April 1, 1929. We understand that Blaire & Co. was interested in it. Capital stock consists of $1,617,800 outstanding and worth from 55 to 90. 58,516 shares of Class "A" stock worth from 20 to 40 and 72,501 shares of Class "B" stock worth about 8 to 20. Company has no bonded debt on any of its property. There are, however, $2,580,300 debenture bonds at 6½%, outstanding which have sold at par over-the-counter but we understand only bankers and certain individuals want them. For further information we suggest that you communicate with Mr. Sleicher.

North Mexico Mining Company. Incorporated—Mexico about 1925. Capital—$3,000,000. This company, we understand, is in litigation in Mexico. We are informed that the mine was partly owned by Mr. Salvador Ateca, one of the alleged leaders in the recent revolution, now exiled in Spain. According to reports the Government has seized the mine, due to his participation in the revoluton. There is no market value to the stock, at this time, but understand it is a rich mine.

North Shore Railroad. There were $125,000 First Mortgage 7% Bonds issued, dated February 1, 1865, and maturing February 1, 1886. The road got into financial difficulties and was sold out under foreclosure proceedings in October, 1881 for $50,000. On October 2, 1884, the property was conveyed to the Long Island City & Flushing Railroad Co., which latter road was merged into the present Long Island Railroad Co. on April 2, 1889. Neither the Long Island Railroad Co., nor the Long Island City & Flushing Railroad Co., had anything to do with the disposition of the proceeds from the sale of the North Shore Railroad Co., and, therefore, are unable to advise you whether the bonds were entitled to any distribution of such proceeds.

North Tonawanda Land Company. Jesse Read for the County Clerk of the Niagara County Clerk's Office at Lockport, New York, informed us on March 5, 1931, that it would be necessary to prepare a title search on the property in order to obtain the information we desire. The land has been subdivided and re-subdivided in building lots, and considerable has been sold if not all. Miss Read said she could not give us any accurate estimation of the charge, as the charge would be computed on the amount of work envolved. Letters addressed to the company at North Tonawanda, New York, were returned marked "moved left no address."

North Wayne Sythe Company, Wayne, Ind. Value of stock dated July 19, 1849. Incorporated in Maine 1848 under a private and special law and no certificate of organization was filed. The North Wayne Tool Company informed us that no corporation of this title ever existed to their knowledge. The Maine records of 1900 did not report this company as a going concern. The Fidelity-Ireland Corp. of Portland, Maine reported that they never heard of this company. It is our opinion that the company passed out of existence long before 1900 and the stock has no value.

Northern Canada Consolidated Mines, Ltd. The only information we have been able to obtain concerning this company is the following letter from Mr. W. L. Scott an officer of the company: "The company is the owner of a considerable area containing a practically undeveloped gold mine, which, I am advised by persons familiar with the property and in whose judgment I have confidence, shows great promise. The mine, however, being undeveloped, and the stock not being on the Exchange, I cannot say anything as to the value of the stock, or as to where a market can be found for it. Mr. R. F. Kelly, whose address is 632 Dunlop Avenue, Otremont, is the owner of the great majority of the shares of the company, and possibly he can give you some further information along these lines. I may say that my late brother was very much interested in the property, and I accepted the secretaryship in order to protect his holdings. Beyond a few shares, I have, however, no interest in it myself, and very little knowledge regarding it. Possibly you might ascertain something further as to the properties owned by the company by application to the Department of Mines, Quebec, P. Q." We have written several letters to Mr. Kelly, but as yet have had no reply.

Northern Central Coal Company. Incorporated in Connecticut 1908 and according to its 1930 report the following are the officers: Pres., Jos. H. Seaman, 28 Nassau Street, New York City; Vice-Pres., Theodore C. Keller, Old Colony Bldg., Chicago; Treas., Duncan H. Read, 28 Nassau Street, New York City; Sec., Frederic E. Mowle, 52 Wall Street, New York City. The president of the company advises that the company has not been operating for a number of years. He knows of no market for the stock, its value being very problematical. At present it would appear to have little, if any value.

Northland Rubber Company, Inc. Organized under the laws of New York and in 1914 reported an outstanding capital stock of $1,036,000, par $100. At that time company had an office at Buffalo, New York, and was operating at a loss. We made search for the company in 1918, with no success, and our letters were returned by the post office authorities at that time marked "Unclaimed." The stock has been reported of no value in other estates and we believe the company has ceased to exist and that the stock is valueless at the present time.

Northway Guaranty & Discount Corporation. This corporation was organized to handle the notes received from purchasers of trucks who paid part cash of the Northway Motor Sales Company. On July 4, 1925, a receiver was appointed and on June 16, 1926, the entire assets were sold. Mr. Mason H. Stone, an attorney for the company, informed us that the sale did not bring a sufficient amount to pay a cent to either the stockholders or the unsecured bondholders of the affiliates. Therefore, we submit the stocks as worthless.

Northwest Oil Company. Incorporated in Wyoming and had an office at First National Bank Bldg., Denver, Colorado. The stock was listed on the New York Curb in 1921 and was quoted at 16c. bid, 18c. asked. In 1926 the stock was offered at 8c. per share with no bids. Apparently the company failed for it lost its corporate existence on May 15, 1929. The Company was probably small for it was never listed in the Petroleum Register. It is our opinion that the shares are without value.

Northwestern Lumber Company. Incorporated Feb. 7, 1907 in Arizona for the purpose of lumber manufacturing. Licensed in Idaho and Pennsylvania. W. C. Hammer, Philadelphia, Pa., Pres.; J. G. McHenry, Benton, Pa., Treas. The general office of the company was located in the Harrison Bldg., Philadelphia, Pa. It was reported in 1919 that interest on the company's $260,000 of first mortgage bonds was in default. The Irving Trust Company, trustees for the bonds, informed us that the property was sold in 1926 for taxes and was bought in by the committee for the bondholders. It is therefore reasonable to assume that there was no equity for the stock and is without value.

Northwestern Pennsylvania Railway Company. Incorporated on Mar. 1, 1911 in Pennsylvania. The property and franchises of the company were sold, subject to mortgages, May 6, 1918, under judgment, Security Savings & Trust Company, Erie, Pa., Trustee, for $165,000 Collateral Trust Notes due 1918. The property was purchased by H. E. Fish for $42.53. The company was operated from Jan. 20, 1919 to Dec. 31, 1919, by the receiver, which was terminated by Judicial Sale of the property on Dec. 29, 1919. The Associated Gas & Electric System informed us as follows: "For your information, there were four companies incorporated by the name of Northwestern Pennsylvania Railway Company. The second company was formed March 1, 1911 and reorganized December 7, 1918, after judicial sale, to form the third Northwestern Pennsylvania Railway Company. According to the dates of the certificates listed in the letter of Marvyn Scudder Manual, the stock was apparently issued in connection with the second Northwestern Pennsylvania Railway Company but, at any rate, all the companies having this title were sold at judicial sale or merged and their capital stock is of no value."

Norton Iron Works.	Company was incorporated under the laws of Kentucky on June 6, 1896. In 1873 the plant at Front & 22nd Sts., Ashland, Kentucky, burned down and were rebuilt in 1883. Mr. T. M. Adams, President (deceased) owns a majority of the stock, 37% owned by the American Rolling Mills and the balance about 10% is held by the public. The stock of the company has some value, according to the Ashland National Bank, Ashland, Ky., but they know of no market for them there (1924).

Number Two Oil & Gas Company.	Incorporated in West Virginia April 21, 1911 with principal office in Charleston, West Virginia. We find no trace of the company for many years and on February 23, 1917 it was dissolved by decree of Court for non-payment of taxes. As far as we can ascertain there is no market for the stock which we believe worthless at the present time.

Occidental Mining Company. Incorporated in Montana November 19, 1887, for a period of 20 years. The company expired by limitation of its charter on November 19, 1907, and was dissolved by operation of the law on that date. We find no record of it since that date and believe it out of existence. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Ocean Beach Water Company. There are at present outstanding some $20,000 in mortgage bonds now held by the Irving Trust Company as trustee, upon which interest at the rate of 6% remains unpaid since January, 1918. We are advised that the principal and interest would run to some $34,000 on these bonds. The highest amount the village of Ocean Beach (which village has been endeavoring to acquire the property by condemnation) has offered to pay for the property is $50,000. We do not think this water company will be granted anything further than this, as it seems more probable that even less will be granted. We do not know whether there are any other obligations of the water company which have to be met other than the payment of bonds, so that your guess as to the value of the stock from the foregoing circumstances is as good as anybody elses.

Ohio Tonopah Mining Company.	The company has no property or other assets and the stock, therefore has no value. All of its property was sold to the West End Consolidated Mining Company and the South Comstocks Consolidated Mines Company and payment made in stock of the above companies which was distributed among the stockholders of the Ohio Tonopah Mining Company of record on February 28, 1907 in the form of dividends, on the basis of one share of West End for ten Ohio Tonopah, and thirteen shares of South Comstocks for ten Ohio Tonopah. Please bear in mind, this was a dividend and not an exchange. After this was done, the Ohio Tonopah Mining Company had $5,000,000 in cash and no debts, and 9,000 shares of West End stock. This stock was sold and the proceeds and cash on hand was used in prospecting for another mine, and finally buying a claim known as the Rocky Point Claim, which showed promise. Development work was started on this claim, but the company's finances were not great enough to keep it up, so the claim was allowed to go by default, owing to their financial inability to do the necessary assessment work. Therefore, the Ohio Tonopah stock has no value.

Oil & Exploration Company. Incorporated in West Virginia, October 2, 1914. Officers—Henry S. Sturgis, President; Geo. E. Armstrong, Secretary. We are unable to find any trace of the company or its officers for a great many years and believe it out of existence. On July 11, 1922 the company was dissolved for non-payment of taxes. As far as we can ascertain there is no market for the stock which we believe valueless at the present time. The last sale of which we have record occurred in 1922 when 50 shares sold at auction for $3. the lot.

Old Colony, Inc.	Del. 1929.	
Old Colony, Inc.	The Old Colony, Inc., was incorporated under the laws of the State of Delaware, and was located at 8 East 34th Street, New York City, in 1926. Paul R. Kirchner, former treasurer of the company, and who is located at 18 Jacobus Place, New York City, informed us that he resigned as an officer of the company on Jan. 17, 1928. The head office moved to Chicago in the Spring of 1928 and later to Topeka, Kansas. The company failed in the latter part of 1928 for 200,800 and had no assets. The charter of the company was forfeited in Jan. of 1929, and became defunct and inoperative as of that date. Therefore, we submit the shares as worthless as of January, 1929.	
Old Colony International Corp.	Incorporated, New York. Officers, Albert J. Norton, Pres.; Wm. A. Reed, Vice-Pres.; Robert E. Davidson, Secy. Office, 358 5th Ave., New York City. Charter of the company was forfeited June 29, 1929. The Federal Natl. Bank of Boston, successors to the Metropolitan Trust Co., informed us that the company defaulted on its bond interest in 1922, and no funds were deposited with them to redeem the bonds at maturity. Evidently the property was foreclosed and insufficient funds were realized to pay anything on the bonds. Therefore, it is our opinion the bonds have no value.

Old Hundred Mining Co.	Company was incorporated in Maine, June, 1906. Office—Guardian Bldg., Cleveland, Ohio. The company had a first mortgage bond issue which was given in payment for the property and also had a floating debt of $150,000. In 1920 it was reported that the property was poorly managed and the company had been inoperative for some time. It is our opinion that the property reverted back to its original owners in payment for their bonds, leaving nothing for the stockholders. We submit the stock as worthless.

Old Lick Run Coal & Coke Co.	We are informed by the Central Trust Co., Charleston, W. Va., trustee, that the company got into some trouble among themselves and have not for sometime put up any money for interest. The property on which the mortgage was given is situated in Webster County, W. Va., contains about 3,400 acres, and secures $300,000. The mortgage provides for foreclosure by us, upon the request of a majority of the holders of the bonds, for failure to pay the interest, etc. We have had a good many inquiries about these bonds, but not enough to demand a foreclosure. We have tried to get in touch with the company, but have never received a reply to our letters. We do not know the value of the property.

It no longer has any legal existence, its charter having become inoperative and void Apr. 1, 1929, for non-payment of taxes. Officers were: Thos. J. Brown, Mt. Joy, Pa. president; H. H. Engle, Mt. Joy, Pa., vice-president; H. T. Scott, Ridley Park, Pa., treasurer and S. S. Hertz of Philadelphia, the secretary. H. D. Knox & Co., 11 Broadway, New York City inform us that a while ago a man wanted 20 shares of the preferred stock and 20 shares of common stock and was willing to pay $4 for the lot. He may still be willing to buy them at that price, which would be 10c a share.

Omaha & South Texas Land Company. Incorporated in Nebraska and was dissolved for non-payment of taxes on November 30, 1909. This corporation never filed an annual report with the proper authorities and accordingly we are unable to find any trace of it for a great many years. It is our belief that it went out of existence about the time its charter was forfeited. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Omar Oil Company. Organized in Texas 1926 and had an office in the F. & M. Building, Fort Worth, Texas. Officers—James T. Joyce President; James W. Parker, Vice-President; F. O. Stevenson, Secretary. This company was last mentioned in the 1928 "Petroleum Register." Apparently the company went out of existence in 1928, for its charter was forfeited in 1929. It is our opinion that the stock became worthless in 1928, the year the company went out of existence.

O'Neill, P. A., Inc.	Incorporated—New York about 1916. Capital—$10,000. Officers—Patrick A. O'Neill, President and director; Thomas P. Murl, Secretary and Director; Joseph F. Moran, Treasurer and Director. Address in 1923—20 North River, New York City. We do not find any trace of this company after 1923 and believe it went out of existence about that time. As far as we can ascertain there is no market for the stock which we believe valueless at the present time.

Organization Finance Company. This company was incorporated in South Dakota, December 18, 1916, for a term of 25 years. In 1920 the capital stock was increased to $1,750,000. J. Kenter Elliott was secretary of the company. The purpose of the company was to finance the organization of other companies of a more or less promotional nature. We are informed by Mr. Elliott that the company is no longer in existence and that the stock is worthless. We do not have any information as to their financial worth. Mr. Elliott's address is 41 E. Jackson Blvd., Chicago, Ill. He stated in 1924 that he was secretary of the company and at that time it has not been active for the past two years.

Ostrander, W. R., & Company. This corporation became so involved that the New York Credit Men's Association took charge of their affairs. The attorneys for the Committee, Messrs. Gregory, Stewart and Montgomery, 25 Broadway under date of September 21, 1928 state that the assets of the above company were liquidated by a Creditors' Committee under an involuntary assignment for the benefit of creditors and that the assets were sufficent to pay the creditors of the company only eighty-five cents (85c) on the dollar. In view of this statement the stock of the company is worthless and we submit that the preferred and common stock are without value.

Pachuca Mining Company. Avenida Cinco de Mayo 32, Office 409, Mexico, D. F. Mine Office, Pachuca, Hidalgo County, Mexico. Officers—John R. Southworth, President; Xavier Icaza y Landa, Vice-President; A. W. W. Evans, Secretary. Organized under the laws of Arizona November 30, 1908, and protocolized under the laws of Mexico. Capital $300,000 gold, par $10. Owned 46 pertencucias of mining lands, situated within 5 kilometers from the railroad center of Pachuca. This company has never filed a report nor paid their annual taxes since incorporation.

Pachuca Mining Company. The Compania De Santa Gertrudis of Pachuca, Hidalgo, Mexico, informed us that they received our letter addressed to the Pachuca Mining Company and stated that such a unit is unknown in that town. Our inquiry went the rounds of all the local mining companies, and none seemed to have a subsidiary company or knew about this company. It is our opinion that the company went out of business many years ago and the shares are worthless.

Pacific Coast Collieries, Ltd. The bonds of this company are of no value. The company was put into liquidation about the year 1921, but the assets—which consisted entirely of stock and bonds of an operating company, Pacific Coast Coals Mines, Ltd., which company in turn had been put into liquidation and its properties brought to sale to satisfy miners' wages, taxes and other lines which ranked ahead of securities held by Pacific Coast Collieries—did not realize sufficient to pay the liquidation expenses. The Preferred and Common shares subsequently are also of no value.

Pacific Packing & Navigation Company.	Incorporated under the laws of New Jersey as a consolidation of 16 companies engaged in the business of catching and canning salmon. Estimated its properties to be worth over $2,000,000. Had $6,100,000 preferred and $6,150,000 common stock. Also $3,115,000 debentures. Tried in May, 1902, to effect a readjustment plan under which interest and sinking fund charges would be reduced. This plan failed, and in March, 1903, receivers were appointed. In March, 1905, the properties were sold for $245,000 and the Northwestern Pacific Fisheries Company was formed as a reorganization. Under the plan the common and preferred stock were wiped out and became worthless.
